EXPERIENCE

Antraweb Technologies

May 2024 – Present

Frontend Developer

Mumbai, Maharashtra

- Improved UI quality, SEO, and page performance across multiple production websites including Antraweb, TallyForAfrica, TallyHelp, and Clonadesk.
- Contributed to modernizing Antraconnect, an internal web application, by migrating it from Ionic 3 to React with TypeScript.
- Built and maintained **Internal CRM dashboards** for the AntraUniversity platform with interactive charts and analytics using React and Highcharts.
- Collaborated with backend teams to integrate REST APIs, manage data flow, and ensure stable UI behavior.

Vistaar Digital Communication

May 2023 – Oct 2023

Associate Software Engineer

Mumbai, Maharashtra

- Contributed to React applications with UI improvements and new features for internal and client-facing platforms.
- Refactored React components to improve code quality and UI consistency across the application.
- Managed code changes and reviews using Git and GitHub for version control and collaboration.

PROJECTS

Antraconnect (Internal Business Dashboard Website)

Oct 2024 – Present

- **Migrated Ionic 3 website to React with TypeScript**, restructuring components and replacing lifecycle logic with hooks while maintaining all features.
- Built reusable UI components and custom hooks shared across pages, reducing code duplication and development time.
- Centralized API calls using **React Query** for caching and reducing duplicate requests across the app.
- Refactored tightly coupled UI and API logic into clean, modular components using Tailwind CSS and shaden/ui, improving maintainability and ease of future updates.

AntraUniversity (Internal CRM Website)

May 2024 – Present

- Built internal CRM platform for sales teams with login-based access and role-specific dashboards.
- Built interactive dashboards to show year-wise and month-wise sales performance, top performers, key customers, and revenue trends using React and Highcharts.
- Integrated REST APIs with backend teams to fetch and display data while maintaining UI stability.

TECHNICAL SKILLS

Programming Languages: JavaScript, TypeScript, Java

Frontend Technologies: ReactJS, Redux Toolkit, Tailwind CSS, Bootstrap, HTML5, CSS3

Backend & Database: REST API, MySQL

Version Control & Tools: Git, GitHub

EDUCATION

Thakur College of Science and Commerce

2020 – 2023

Bachelor of Science in Information Technology - **8.77 - CGPA**
